Six Suffer Injuries
In Three-Way Crash
At 66-111 Intersection

Injuries were suffered by 12 persons in seven of 23 traffic accidents occurring over the weekend in and near the Quad-Cities.

Half of those were hurt in a triple crash at the intersection of U. S. Highway 66 and State Route 111, and a Granite City woman was hospitalized as a result of injuries suffered in a collision on State Route 162 at the Route 35 junction.

Six persons were treated at St. Elizabeth Hospital for injuries suffered in a three-way collision at 410 a.m. Saturday at the intersection of Bypass 66 and Illinois Route 111. Ambulances transported the injured.

The sheriff's office listed the drivers as Donald H. St. Joseph, Mo., eastbound on 66; Jesse Jones, East St. Louis, southbound on 111; and Russell Knight sr., 29, Collinsville, northbound on 111. Hinds was charged with running a red light, being released on bond.

Deputies said Hinds' car struck Jones' vehicle, knocking it into the Knight auto.

Those treated included Knight and three passengers in his car, Russell Knight jr., six, bump on head, John Andrew, 18, Collinsville, bruises to the left hand and both legs; and Daniel Polak, 28, Collinsville, injuries to the neck, right arm and both hands. Knight sr. had abrasions to the right knee, a bloody nose and a chest injury.

Also treated were two passengers in the Jones auto, James Bell, 41, East St. Louis, abrasions to the gums and lips, right knee and chest abrasions to the right hand, index finger; and James Mont, 38, East St. Louis, abrasions to the chest and right knee.

She was held for observation, x-rays and treatment.

Taken to the hospital by ambulance, she had been riding with her husband, George Bukovac, 50, who was driving west. State police said the other car was being driven east by Robert Boneau, 46, Collinsville, who was passing an auto.

Mrs. Linda Yeager, 19, of 2574 Spaulding avenue suffered minor injuries.

25,000 Ballots Likely At Local Polls Tomorrow

So that Quad-Cities can continue to learn of election returns as early as possible, it will be "business as usual" at the Press-Record during the hours following tomorrow's voting.

Police judges are requested to report the totals to the Press-Record, T.R. 6-2000, which will cooperate with other Madison county newspapers in determining the figures affecting county and state and national contests. Persons wishing to learn of the trends also may call the office, but probably little will be known before 8:30 or 9 p.m.

In addition to assembling the returns in the local area, this newspaper will remain in contact with the county clerk's office so that all returns can be reported to the public promptly.

Police said limits have varied on Venice streets but the action generally will result in a reduction of five miles an hour in the legal speed that vehicles may travel. The council specified lines of \$3 to \$75 for each offense.

Cut Broadway Viaduct Speed

City Attorney Harry E. Hartman said state highway division officials have been contacted and have agreed to reduce the Illinois Route Three limit from 35 to 30 on Broadway east of Klein street, including the viaduct, and along the residential area of South Fourth street.

Further south on Fourth, the limit will have authority over the highway speed regulations.

The council ordered a stop sign to halt traffic moving south on Weaver street at Market street.

59 Seek 25 Offices; 3 Proposals Include \$25,000,000 University

Well over 20,000 and possibly more than 25,000 voters are likely to be at tomorrow's special ballot—a state university construction program that would result in a \$25,000,000 university being built in the bluff area east of the Quad-Cities; a state public welfare program that includes \$8,000,000 in improvements at the Alton State Hospital; and creation of a county health department financed by a tax rate of up to five cents on \$100 property valuation.

There is also much interest in the contests for U.S. House of Representatives, Illinois governor, secretary of state and other state offices. The campaign for Illinois county offices has been comparatively quiet, with four incumbents and Granite City's Willard Portell hoping to take advantage of traditional Democratic strength.

Principal attention is on the two state proposals, partly because of the high cost of higher education and mental hospital facilities and partly due to the concentration of expenditures—\$33,000,000 of the \$345,000,000 total—in this county.

U.S. House of Representatives

Water Co., Union
May Meet Again
Today On Contract

Commissioner John Keltner of the Federal Conciliation Service disclosed early this morning that a labor-management negotiation meeting may be held today by striking office workers and the East St. Louis and Inverness Water Co.

"While no definite meeting is scheduled, there is a possibility that representatives of both sides will meet again today," the commissioner said.

A labor-management negotiation meeting Sunday at the Broadview Hotel, East St. Louis, ended with no settlement of the issues in dispute.

companions entered a short time later, joining them. When the tavern closed at 4 a.m., they left together and were going to Oliver's car parked on a lot at the rear of the tavern. The woman refused to ride with all the men and began walking north on Madison avenue in search of a place to telephone for a taxi. She was followed by one of Stamps' companions.

Stamps and the other man got into Oliver's car with Stamps sitting in the front seat and Oliver in the back.

Oliver drove off the lot onto Fourth street and stopped at Madison avenue. Stamps pulled the automatic out of his pocket and fired one shot, the bullet striking Oliver in the face. The empty cartridge landed on the floor of the car and was found there in the abandoned car.

Stamps and his companion jumped out of the car and ran to Washington avenue where they headed north.

Routine Pickup
A patrolling Madison police car noticed the pair and stopped them for routine questioning, unaware of the shooting.

As the officers approached, they saw Stamps throw something over a hedge into a yard and after taking the pair into custody, discovered it was a .32 caliber automatic, which Stamps identified as his.

The men were taken to Madison police headquarters for questioning, and after arrival there, the officers were notified that a man was lying in the middle of the street in the 400 block of Madison avenue.

Stamps and the other man were placed in jail while the officers went to investigate and found Oliver in the street. While in jail, Stamps attempted to wash blood off his jacket and then threw it atop the cell block, police said.

Upon discovery of the shooting, Chief Barney Fraundorf called out 12 of his 15 police officers for investigation.

Woman Traced
The woman, a 29-year-old divorcee, was traced to her home in the 2000 block of 15th street and was taken into custody about 6:35 a.m. Stamps' companion who had been following her had returned to Fourth street and Madison avenue and was taken into custody there. The two men and the woman were booked as material witnesses and later freed on \$1000 bonds.

Assistant State Atty. Gen. Glickoff praised the fast work of the Madison police department. Following the 4:10 a.m. shooting, Stamps was questioned and by mid-afternoon a statement was obtained and the murder warrant issued and served.

Stamps had served time in state prison for a burglary at a county tavern several years ago. His two companions were labeled as ex-convicts by police.

When booked, Stamps gave an address of a relative in the 2900 block of Myrtle avenue, Granite City. At the time of his arrest on a recent robbery charge, he

Legion Post 307 Hears Convention Report

Illinois posts represented the largest delegation from a 22-state to attend the recent American Legion national convention in Miami, Fla. It was reported by Joseph Bergrath of Venice-Madison Post 307, at a post meeting Thursday night.

Bergrath, who attended together with Kenneth Hinson as representatives of the post, made a report on the convention at the Post 307 Dugout.

Members voted to donate \$25 each to the cities of Venice and Madison to be used for the purchase of Christmas candies given out to youngsters each year by the cities.

Membership chairman L. N. Whiteside said the post now has 274 members, and a report on a blood bank program organizational meeting was submitted by George Wilson, who attended and represented Post 307.

The post will hold a New Year's eve dance at the Dugout, and tickets, priced at \$4 per person, have been placed on sale. A goal of 500 ticket sales has been set for the orchestra dance, with the price to include music, food and refreshments.

Members of the team will participate in a Veterans' Day parade in Edwardsville on Friday. Future dates which members were reminded to keep in mind included the past commanders' luncheon in Herrin on Nov. 10, 22nd district caucus at Nashville on Thursday and a 5th division caucus in Carlyle on Nov. 13.

visors and consequently making it unnecessary for crew personnel to cross picket lines by entering the office.

Commissioner Keltner told the Press-Record the issue of vacations involved in the controversy, had "been taken care of."

All that remains to be negotiated prior to strike settlement, he pointed out, is the matter of wages.

He declined to make any predictions as to the possibility of a settlement today.

Picketing Continues
J. M. Steeth, international representative of the union, said that picketing would be continued after he left Sunday's negotiation session at the Broadview.

This meeting was called by Commissioner Keltner and on adjournment, it was announced both sides agreed to meet again at a time to be set by the commissioner.

The union went on strike Tuesday to enforce the demands of 38 employees for an 8% and one-half cent pay increase.

The union, it has been asserted, has agreed to assure normal water service to the 21 communities the company serves in Madison and St. Clair counties.

Local Stores Preparing For Holiday Season; Plan Events

The Associated Retailers and Civic Association, Inc., is polling its membership to find out when they want to commence the pre-holiday 9 a.m. to 8:30 p.m. store and shop hours for the accommodation of Christmas shoppers.

Alvin Barnes Jr., association secretary, explained that two alternate dates had been suggested, Monday, Dec. 5, and Monday, Dec. 12.

And on Friday, Nov. 18, retailers will keep their stores open an extra hour—extending shopping time to 9:30 p.m.

Nov. 17 date fixed as deadline when Barnes asserted, "all stores to have their Christmas windows decorated. Special invitations are to be given customers to come to the downtown sectors on Nov. 18 to view the Yule window."

MRS. THOMAS BLADDICK, the former Miss Diane Lee Ashlock, a daughter of Mr. and Mrs. Oscar Ashlock, 1440 Madison avenue, who was married Saturday at St. Joseph Catholic Church.

Bladdick-Ashlock Wedding At St. Joseph's Church

One of the late autumn weddings took place Saturday morning at a nine o'clock mass at St. Joseph's Church, 21st and state street, when Miss Diane Lee Ashlock became the bride of Thomas Bladdick.

The bride is a daughter of Mr. and Mrs. Oscar Ashlock, 1440 Madison avenue. The bridegroom's parents are Mr. and Mrs. Frank Bladdick, 2302 West 23rd street.

Father Chas. Mulcrone officiated at the double ring ceremony before an altar decorated with bouquets of white mums, poinsettias and greenery.

Mr. Ashlock gave his daughter in marriage.

The bride chose a gown of Chantilly lace over white satin made on princess lines and terminating in a chapel train. The gown featured a high round neckline and traditional long sleeves that came to points at the wrists. The fingertip veil of illusion was trimmed with chantilly lace and was held securely with a bonnet shaped crown of pearls.

A single strand of pearls was

worn by the bride. She carried white orchids and snowdrift bouquets interlaced with lace on a mistle.

An aunt of the bride, Mrs. Norma Eckhardt, was matron of honor. Miss Mary Jane Bladdick, sister of the groom, was bridesmaid and Miss Suzanne Ashlock, sister of the bride, served as junior bridesmaid.

They were dressed identically in gowns of pale yellow nylon chiffon featuring very full skirts held wide with hoops. Jackets of the same material and coloring topped the gowns, which were strapped. The matron of honor was in a pale lavender. The head pieces had bands of flowers matching the gowns. There were freoncent bouquets, with the matron of honor carrying yellow full mums and greenery while the bridesmaids carried the same type of bouquets of orchid full mums.

Mr. Bladdick had his brother, David Bladdick, as best man, with Randall Ashlock, brother of the bride, as groomsmen. Stephan Rydzik and Patrick Urban, both cousins of the groom, seated the guests, friends and relatives of the young couple.

The bride's mother, Mrs. Ashlock, chose a navy blue crepe sheath dress with blue and white accessories. A corsage of pink carnations was worn by the bride's mother, while the groom's mother wore a corsage of yellow carnations. The groom's mother was seated in a navy blue dress and black accessories.

The soloist, Miss Toni Kay Hunter, sang "On This Day Beautiful Mother," "O Lord I Am Not Worthy," "Mother At Thou Feet" and "Ave Maria." The bride presented a bouquet to the Virgin Mary. Miss Hunter was accompanied at the organ by Mrs. Clea Judd.

A wedding breakfast was served to approximately 95 guests, including the wedding party and families of the young couple.

The reception, held at the Hungarian Hall, was attended by 300. Both are graduates of Granite City high school. The bride is employed at the D-Arcy Advertising Agency in St. Louis and the groom is employed at the Bell Telephone Co. in East St. Louis.

Upon their return from a honeymoon trip, they will reside in Fairmont City.

MRS. DARRELL CREWS, the former Phyllis Jean Stout, a daughter of Mr. and Mrs. Phillip Stout, 2432 Edison avenue, who was married Saturday evening at First Assembly of God Church.

Miss Phyllis Jean Stout And Darrell Crews Are Wed

The wedding of Miss Phyllis Jean Stout, a daughter of Mr. and Mrs. Phillip Stout, 2432 Edison avenue, and Darrell Crews, whose parents are Mr. and Mrs. Marion Crews, 2439 Edison avenue, took place Saturday at First Assembly of God Church, 24th street and Grand avenue.

The double-ring ceremony was performed at 4 o'clock in the afternoon by Rev. Paul Evans before the altar decorated with large vases of white chrysanthemums and greenery and lighted with burning candles in candelabra.

A program of wedding music was furnished by Miss Sylvia Spengler, organist, and Warren Simpkins, soloist. The songs were "Ich Liebe Dich" by Grieg and the Lord's Prayer.

The bride wore a gown of white slipper satin designed with an empire bodice and three-quarter length tightly fitting sleeves. The entire dress was accented with hand set embroidered lace and the bouffant skirt ended in a full chapel train. A pearl and crystal crown held in place a veil made of yards of filmy tulle and the bride's bouquet was made up of white pom poms and lilies of the valley centered with two large white orchids. She was given in marriage by her father.

Honor attendants were Mr. and Mrs. George Ridgway, a brother-in-law and sister of the bridegroom, Miss Nancy Fleishman was bridesmaid and George Crews, a brother of the bridegroom, was groomsmen, serving with two other brothers, Duane and Ed Crews, and Reggie Campbell, a cousin of the bride.

The matron of honor and bridesmaid were attired alike in pink brocade gowns with full envelope skirts, sweetheart necklines and short sleeves. They wore bouquets of large roses in matching material, circular veils and shoes in the same color. The flowers were golden yellow pom poms and colorful autumn leaves.

The bride's mother selected a dress of cinnamon colored chiffon, a small sequined hat and shoes and purse of neutral lustre leather. Her corsage was yellow orchids. Mrs. Crews, the bridegroom's mother, wore a silk brocade emerald green and royal blue dress and a matching green and blue hat. White orchids were pinned at her shoulder.

The couple received the congratulations of the guests at the church, and later a reception was held in the home of Mr. and Mrs. Ridge, 15 Terrace lane. Miss Ann Edwards presided over the guest book.

Thanksgiving Program Theme

The November meeting of the Women's Christian Temperance Union was held Friday at Niedringhaus Memorial Methodist Church, with Mrs. Ben Willtrout in charge.

The salute to the Christian, American and temperance flags was led by Mrs. Pearl Campbell. Mrs. Luther Turnbull, the devotional leader, used a Thanksgiving theme, read the 100th Psalm and a poem by Louis Bromfield.

Also on the program was a film entitled "Theobald Facts," shown by Robert Maxton Signal, the national WCTU paper. Mrs. Ruth Johnston read "Your Neighbor's Doings." Mrs. Glen Cundiff and Mrs. Len Chalmers gave parts of the address by the national president, Mrs. Fred Toole, at the convention held in May.

Contributions were made to Rev. Sam Morris for temperance work in Texas, and to Rev. Bill Benney, who operates rescue missions in St. Louis and Springfield, Ill., and a youth ranch in Wright City, Mo.

Fourteen were present at the meeting. The hostess was assisted by her daughter, Rose.

The December meeting will take place in the home of Mrs. Bethel Davis, 2148 State street.

MISSIONARY SOCIETY HOLDS MEETING

The Woman's Missionary Society of First Baptist Church held a monthly meeting Thursday at the church, 21st street and Delmar avenue.

Mrs. Florence Medcalf, president, called the meeting to order at 10 a.m. and a Lotte Moon Christmas offering of \$1150 was the goal adopted by the group.

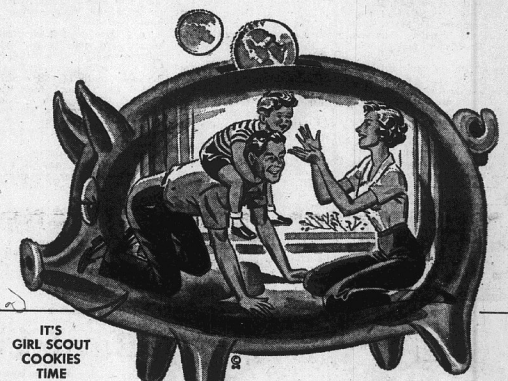

A mission book study entitled "Across the Bridge" will be taught by Mrs. Elsa Sagen Thursday, Nov. 17, and the community missions project for the month will be distribution of food baskets to the needy.

Mrs. Sagen, program chairman, led the members in the hymn of the year, "Christ For The Whole Wide World," and prayer by Mrs. Ruth Cook followed.

The Royal Service program, "To Die Without His Word," was given in a panel discussion led by Mrs. Vivian Mitchell, with Mrs. Louise Baker and Mrs. Jesse Schwendemann participating.

A turkey dinner was served to 35 members in attendance. The Girls Auxiliary and Sunbeam Bands will meet on the second and fourth Monday evenings of each month.

Venice Political Complexion Changed; Once GOP Bastion

Among the thousands of Quad-Cityans who will troop to the polling places tomorrow will be William Boerckel, Venice city hall custodian, who hasn't missed a presidential election in over a half-century.

Boerckel went off "Bull Mooseing" with Theodore Roosevelt back early in this century, and cast his ballot for President Eisenhower in 1956.

Otherwise, in voting in every presidential election since he reached his majority, the 78-year-old resident of 1328 Robin street, has marked his electoral "x" in the Democratic column.

And he'll do it again tomorrow, he explained, and at the same time noted the change of the political complexion of Venice since he was 21, and younger.

Recalls 1900 Election

Boerckel's interest and active participation in politics dates back to 1900, when William Jennings Bryan opposed President William McKinley. He was a junior clerk of election at that time.

"And would you believe it," he recalled, "at that time Venice was overwhelmingly Republican."

"I remember the tally of the precinct in which I worked that November was something like 323 for President McKinley, with only 25 or so cast for Democratic Bryan."

And as an aside, the custodian commented:

"That was when Venice was a major community, and Granite City wasn't heard of. This was the staging site for crossing to St. Louis and was the end of the trail for the cattle brought to the stock yards. The freight went across the river by ferry boat."

"We were — in fact still are — an important, major community on the eastern river bank."

Democratic Stronghold

The heavy vote in the GOP columns back in 1900 is almost a sharp contrast to Venice's political complexion of 1960. The city and township are regarded as being next to certain Cook county wards, the very strong-

Day And Month Set For Salute To Vets

November has been proclaimed as Veterans' Recognition Month in tribute to and as a memorial to veterans of all American wars and especially to those who made the supreme sacrifice for their country.

A holiday, it will find Quad-City's business at a standstill. Financial institutions, post-offices, city, county and state offices, grocery stores, mercantile establishments, agencies and barber shops will be closed, as well as others usually observing a Sunday closing.

However, true to his political principles, the custodian struck with the Democrats through the years—James M. Cox, John F. Kennedy, and Lyndon B. Johnson to victory with Franklin D. Roosevelt and Harry S. Truman.

Not only has he made it a point to vote in the presidential election, but says he don't believe he has any choice.

Evening state, municipal or special elections since he was 21.

"When I became eligible to vote, I took it seriously and have cast my ballot ever since."

Boerckel will join with Old Newsboys in a tribute to newspaper carriers in St. Louis on Nov. 22. He related he was a newsboy for the old St. Louis Star, back when he first came to Venice at the turn of the century.

Hospital Roommates Twice In 23 Years

Mrs. Oscar Poole, 1933a Grand avenue, and Mrs. Ethel R. Thomas, 2023 Hodges avenue, both of whom are in room 205 at St. Elizabeth, recovering from surgery, are reunited again in the same room after 23 years when they were roommates after giving birth to sons.

Another coincidence in connection with the meeting is the fact that Mrs. Poole was a patient later in the same room with Mrs. Thomas' mother.

Mrs. Poole is employed at Birdie's Hat Shop and Mrs. Thomas is a clerk at Reese Drug Store in Bellemore Shopping Center.

Overheated Stove

Venice firemen were called at 5:40 p.m. Thursday to the residence, 1224 Calhoun street, where an oil stove had become overheated. It was turned off by the firemen, who departed after allowing the stove to cool.

Local Firm Bids Low For River Dam Work

Bids were opened Thursday in the office of the U. S. Army Engineer District, St. Louis, for the construction of navigational warning signs to mark the Chain of Rocks low water dam (Dam No. 27), now under construction.

According to Colonel Alfred J. D'Arezo, district engineer, the apparent low bidder was the Rite Electric Co., Granite City, who submitted a bid of \$44,068. The government estimate is \$44,700.

The principle features of the work will be the construction of two navigational warning signs of aluminum with reflective fitting, electric fixtures, and stone protection around the footings. One sign, to be located at the upper entrance of the Chain of Rocks canal, will be approximately 50 feet wide and 23 feet high. Warning sign No. 2 will also be located on the east bank, about seven tenths of a mile north of the Chain of Rocks bridge, and will be 40 feet wide and 20 feet high.

One hundred twenty calendar days have been allowed for the completion of the work.

Fire In Auto Engine Causes \$200 Damage

A defective carburetor was blamed for a blaze which broke out Thursday afternoon in the engine of a small foreign car belonging to Charles Lindberg, St. Louis, causing \$200 damage. Firemen from the main station were called to extinguish the blaze which broke out as the car was at the entrance to the blast furnace department of Granite City Steel Co.

Council First-Aid Meet Here, None In Districts

Granite City has been chosen as the site of the annual first-aid meet of the Calveia Mount Boy Scout Council on Saturday, Jan. 14. Patrols again will compete by solving varying first-aid problems at four different locations.

District first-aid meets will be eliminated for the first time. They will be replaced by troop first-aid meets during open house programs in December.

All Should Vote Tomorrow; This Area Would Benefit Greatly From University

Campaigning is coming to an end, and tomorrow will be up to the people to play their part in the election process. All Quad-City voters are urged to respond to their duty by going to the polls sometime between 6 a.m. and 6 p.m.

There is a special reason why all should vote on the two state bond proposals for university and mental hospital expansion—failure to mark the special ballots constitutes an automatic negative vote. This is because passage of the bond issues hinges on a favorable majority of the total votes on state representatives. We feel that those who oppose the plans should cast a "No" vote and all others should vote "Yes"; none of the ballots should be left blank.

The two state programs are the biggest bargain ever offered to Quad-City. Over \$33 million of the \$345 million bond funds would be spent in Madison county. A major state university would be built virtually at our doorstep, accelerating this community's growth and prosperity much like a huge new industry. Its contributions in cultural, civic, educational and recreational fields could spark a new and better era for the Illinois Metropolitan Area, making the decade of the 1960s a truly golden one.

Approval of the bond issues would enable buildings to be constructed now at costs much lower than would be the case later, and a local "commuter" university could save Quad-City students and their parents an estimated million dollars a year.

The third special ballot tomorrow would establish a Madison county health department. There would be benefits, and there is no doubt needed services would be provided, but a "No" vote is recommended in its present nebulous form and in view of the substantial yearly expenditures involved, we believe the proposal should be deferred until a detailed, objective study of county health needs is made, showing exactly how a new department would fit in with existing services. This study, already ordered by the Madison county board, could utilize the information that has been developed and perhaps also some of the people who have been actively supporting a health department.

The four ballots to be voted on tomorrow will be decided by the votes cast; if all eligible citizens vote, the outcome is certain to conform with their wishes.

Walking Good For Body, Soul But Fast Becoming A Lost Art

Walking has become almost a lost art in this motorized age, and chill temperatures outdoors prompt many to prefer the warmth of their hearth. But the practice of walking is good from a health standpoint, doctors agree, and some people feel that autumn, its trees aflame with color, is the ideal season. There are many who believe that perambulation among nature's wonders is beneficial to one's soul.

Rousseau recalled that "never did I think so much, exist so much, be myself so much as in the journey. I have made alone and on foot." F. S. Smythe felt that "to enjoy a countryside it is essential to make a direct contact with it, and this is only to be accomplished by walking over it." Bertrand Russell went so far as to say that unhappy people could "increase their happiness more by walking six miles every day than by any conceivable change of philosophy." When was the last time we took a long walk? Well, we must admit that it has been a while.

The westernmost point of the United States is not the state of Hawaii, but in Alaska: ATTU Island.

Encouraging Response To Proposal For Organizational Blood Program

The attendance and favorable vote on an organization blood program in the Quad-Cities last week were encouraging to supporters of the plan. A committee will be created to represent organization of all types in setting up and administering a blood contribution program.

As outlined, the program would not interfere with hospital blood needs and, in fact, would cause more people to begin giving blood. For many, there has been no particular incentive to contribute a pint of blood; but under an organizational program, each such pint would afford full coverage of the blood needs of the individual, his family, three other members of his group and their families throughout the year.

A principal argument for making no changes is that there are no problems at present. Yet, replacement of blood by the families of ill and injured persons can be a trial, especially when the people concerned and most of their friends are beyond the age limit for giving blood. The organizational program could prompt thousands of young and healthy local residents to become regular donors, for the good of themselves, their families, their fellow workers or fellow club members.

The program should be developed slowly enough to give ample consideration. But on the basis of facts revealed so far, there seems to be no valid obstacle in the path of establishing a local blood program.

A government must be judged by the welfare of the average citizen who is willing to work.

Accidental Poisoning Of Small Children On Increase

Evidence that accidental poisoning cases among children are increasing in Illinois makes it imperative that parents check the labels of all household preparations and store poisonous substances where youngsters cannot reach them. A new state law requires manufacturers to clearly mark the labels.

A comparison of the first eight months of 1959 and 1960 shows an increase in accidental poisoning cases from 3300 to 4100. Each year, 50 to 60 Illinois children die needlessly from this cause. About a third of such cases involving the very young are the result of aspirin or aspirin products, harmless if taken in proper quantities but deadly otherwise. "Small children cannot read, but parents can," Dr. L. L. Fatterline, Illinois Public Health Department director, comments. "This is tragedy bred by the carelessness of adults." We agree with his conclusion, because children obviously cannot be held responsible for the problem. The highest percentage of poisoning cases was among those two years of age and younger.

Pleads Not Guilty

Archie L. Daniels, 26, of Rural Route One, was freed on \$1500 bond Friday after pleading not guilty to three charges—two of them filed by state police following an accident Thursday morning. A trial before Police Magistrate was set for Nov. 25. Daniels was charged with reckless driving, leaving the scene of an accident and drunkenness.

Voting Champ Ben Moberly To Cast His 201st Ballot

When Ben Moberly goes to the polls tomorrow, it will be the 201st time he has voted since he cast his first ballot in a congressional election way back in November 1888.

That's 62 years ago. And Tuesday will mark the 10th time this 83-year-old Granite City resident has balloted in a presidential election.

A former precinct committee member, Moberly lives at 1390 Benton street. This exercise of his franchise privilege must tally up to something of an all-time record, and he's rightly proud of it.

In voting for Sen. John F. Kennedy in the 1960 presidential election, the octogenarian strikes his mark in the Democratic column, as he has without deviating since he voted for William Jennings Bryan in November 1900.

Votes In All Elections "Calculating the annual school elections, the special elections, and balloting on referendums and primaries, I must make a good guess that tomorrow will be my 201st time I have gone to the polls," he explained today.

Boy To Be Chosen For Scout Week Program Boy scouts and explorers in the Cahokia Mound Council are eligible for consideration as the scout to represent Grand District in Washington, D. C., during the 1961 National Boy Scout Week. Deadline for nominations by troop and troops will be Nov. 15 at the council office in Granite City.

The scout must be 14 to 18 years of age, hold Eagle rank and scouting's highest award, and have recognized traits of leadership and character. The local nominee will compete state-wide with a three-minute talk on "Scouting's Future."

Nominations For Silver Beaver Scouting Awards A deadline of Dec. 15 has been set on nominations of Cahokia Mound Council adult scouts for "silver beaver" awards, presented annually at the council recognition dinner for "exceptionally noteworthy service to boyhood."

Registered scouts may submit suggestions for the award to a special committee, which will review all nominations and select the recipients.

HOME OWNERS INSURANCE CALL REINHARDT

"I was in New York last April at the time of the Illinois primaries, but he sure I cast an absentee ballot."

Mr. Moberly recalled the GOP Pull Dinner Pull slogan of 1900, President William McKinley was elected on it, he gloomed.

Really "hogwash," is the way he describes the slogan.

Staunch in his championship of the Democratic party, he struck with the party through long lean years, highlighted by the administrations of Woodrow Wilson, Franklin D. Roosevelt and Harry S. Truman.

Republicans, he will tell you, are aligned with the special interests and the privileged classes. Mr. Moberly could never see the Republicans and his voting record proves it.

The voting camp has been a Granite City resident since May 20, 1901.

Membership In Scout District Reaches 1735

Membership in the Unwahish Boy Scout district has reached 1735 boys, as much as at the end of the 1959-60 year, and could top 1900 with current recruiting and organizing efforts.

District Executive Dan Brown reported to 22 Unwahish commissioners at a 22 monthly meeting Thursday night at the A. O. Smith Corp.

Al Barnes, a new commissioner, was introduced and assigned to the Moose lodge, which is organizing a scout troop. Commissioners were asked to urge unit leaders to continue recruiting of members.

Three-Car Accident On Benton Street

A charge of careless driving was placed against 17-year-old Patricia Stach, 123 Briarcliff, who while driving north in the 2300 block of Benton street Thursday afternoon, struck a parked car on one side of the street, "bouncing" off it into another auto parked on the opposite side. She posted her driver's license.

Police said the parked cars belonged to Stanley Schneider, 2313 Benton street, and Clarence L. Luckert, 2322 Benton street. No injuries were listed.

Try It On Your Tongue: 'Oyez,' 'Oyez,' 'Oyez'

Sounded out over the Quad-Cities' November dawn and at sundown on tomorrow's election day will be an ancient cry of courtiers, "Oyez," "Oyez," "Oyez," dating far back in English history.

It was used by courtiers to secure silence before the issuance of a proclamation. In modern times, it is used in opening of high courts and other tribunals.

And it is a formality required in opening and closing the polls of all election precincts. It is repeated three and can be translated as hear ye, harken or give heed.

According to the Granite City library, it is pronounced with the accent on the "o" which is given the full sound. It is comparable, the library says, to "Oyez."

But it is a safe bet there'll be numerous variations of pronunciation in the Quad-Cities area tomorrow. "Oyez," "Oyez," "Oyez," truly is not a part of the tongue of the community.

Roseman's 31-Year Club

Record Hailed As Unique

A Granite City paint merchant's unique 31-year perfect attendance record was recognized and awarded Thursday by the Nooday Optimist Club at its luncheon at the Kites club-house.

A pin, attesting this unusual record was presented Arthur Roseman by the service club's district governor, Gilbert Lorenz, Kirkwood, Mo. Roseman's record is believed to be something of a Midwest high water mark. He is president-governor of the club.

Additionally, the club members were shown color slides of a European trip made during the past summer by Ron Randall. As a delegate, he attended the YMCA World Youth Conference held at Amsterdam, Holland.

After the sessions at the Netherlands city, Randall, a Granite City youth, joined in a group tour of England and the continent. Slides showed something of the trip.

Part of the funds going to meet the expenses of the youth were from the Optimists' youth program fund.

In chalking up his unusual record of attendance, Roseman served as president of the local service and as district governor. He is a charter member of the Nooday Optimists, and in explanation of the achievement of his record, explained today: "I attended my own club meetings every session except for occasional attendance at other Optimist clubs while on vacation and at Optimist International conventions."

"With these make-ups, I never missed a meeting."

Cookies Sale Profits Erase Girl Scouts' Lodge Debt

One of the most successful fall cookie sales in the history of the Tri-City Girl Scout Council came to a conclusion here late Thursday, and Mrs. Esther Zimmer, sale chairman, said the council's share of the profits "will pay off the debt owed at the Camp Lakota lodge."

Mrs. Zimmer said orders for 28,440 boxes of cookies were taken during the six-day sale, which began shortly before noon last Saturday. "That represents an increase of 5,544 boxes sold over last fall's sale," she added.

At 40 cents per box—the cookie sale price—the announced figure represents sales totaling \$11,376, a sum reached through door-to-door selling of some 900 intermediate and senior Girl Scouts who participated.

None of the money has been collected yet; customers pay for their cookies upon delivery. The cookie shipment is scheduled to arrive in the Tri-City Thursday, will be broken down and distributed to each of the five neighborhoods the following day, and delivery can be expected on Friday or Saturday, Mrs. Zimmer said.

GC, Venice Postal Workers 'Come Through' For UF

The postal department has a maximum something to the effect that the "mail must go through." And Venice and Granite City postal employees have come through "magnificently" in giving to the Tri-Cities United Fund.

For this there is the word of Walter Klostermeier, chairman of the government division of the fund-raising drive.

"One of the consistently fine efforts put forth on behalf of the United Fund is that of the Venice postal employees," he declared today.

Klostermeier said their response to the appeal was most gratifying and heartening, and he wanted publicly to proclaim this fact.

Likewise coming in for the highest praise for their UF giving were the Granite City postal workers.

In fact, the division chairman emphasized, the Granite City postal workers' subscription this year was a towering 94.4% above that of a year ago.

This represents the greatest percentage of all units outside the postal employees," he declared today.

Klostermeier said he was pleased to publicize.

SALE OF LIBERTY SCHOOL on Friday morning is pictured, along with some of the reasons for the action. School Attorney Maurice Daley is shown at left on the ramp, while school police officers are seen on the right. Those who gathered to hear the bidding are on the sidewalk at right. In the background is the Granite City Steel Co., whose expansion in recent years has reduced the number of homes in the Liberty area, thus reducing the need for a school there. Other factors in the sale were the frame construction of the building and its condition.

Liberty School, Site Are Sold For \$16,000

The former Liberty grade school and grounds were purchased for \$16,000 Friday morning by the Granite City Home Builders Corp., which has been set in acquiring property in the Tri-City Park area.

Located at 19th street and Park avenue, the property includes seven lots and a frame structure used "temporarily" for classes from world war I until the summer of 1959.

It was declared unusable by the school board, which asked the township school trustees to call a public sale.

To Remain Bonded
It was announced after the purchase that the Home Builders group has no immediate plans for use of the property. The building will remain bonded up and intact.

The sale was conducted by School Attorney Maurice Daley, representing the trustees, who read the sale notice aloud and then called for bids, ruling out any below \$50 and suggesting that the bidding start at no less than \$10,000.

After a pause, Ralph Morris, representing the Home Builders Corp., bid \$16,000. Daley asked several spectators if they wished to bid and they declined.

With no other bids made, the \$16,000 offer was accepted and a check for the full amount was turned over to Township School Treasurer Henry Lueders.

Others present for the brief transaction, held on the porch and adjacent sidewalk, included School Supt. Harold M. Kaiser, School Engineer Marvin Dean and School Board Member Robert Spengler.

Abandonment of Liberty as an attendance center was promised to the public at the time a construction bond issue was proposed in 1957. New schools built on the bond funds were opened in the fall of 1959 and this fall.

Shows Slides Of European Trip

Daybreak President Sigmund Fredericks urged club members to step up the sale of Christmas tree tickets in order to bolster the club's annual fund-raising project's chances of success.

Services were conducted at 10 a.m. Monday Nov. 7, LAHEY FUNERAL HOME, 501 Madison avenue, Madison.

WASH EARS BEFORE HAIRDO

An important time to wash your ears is just before going to the beauty shop. The reason, of course, is that these shell-like anatomy parts become oily and grimy very quickly.

If they're dirty, your secret will soon be revealed on the towel when the beautician dries your hair after your shampoo. To spare yourself this possible embarrassment, audit your ears just before every setting.

During 1958, 697 new biographies were published in the United States. In the same year appeared 1,522 children's books on music and 451 books of poetry and drama.

Teacher Society Hears Review

Miss Anna Plato, a retired Granite City School teacher, reviewed the book "Dr. Ida" by Dorothy Wilson at a luncheon meeting of Alpha Eta Chapter of Delta Kappa Gamma, honorary society for teachers, Saturday at the Alton YWCA.

Miss Plato emphasized that Dr. Ida, one of the great women of this century, had been the first woman doctor in India. As a medical missionary, she lived many years of superstitions and entered the medical field as doctors and nurses.

The book review carried out the program emphasis for the year on improving international relations through studying the familiar cultures.

Those attending from Granite City besides Mrs. Frynitzko and her daughter, Valerie, were: Mrs. Mary Cowan, Miss Martha Cowan, Miss Louise Decker, Miss Mary Fride, Mrs. Lucinda Huck, Miss Dorothy Morgan, Mrs. Lillian Kline and Mrs. Eva Meier.

Woman, 86, Suffers Cut In Fall At Home

Mrs. Mary Heim, 86, of 1406 Washington avenue fell at her home and struck her head on furniture Saturday. She was treated at St. Elizabeth Hospital at 11:30 a.m. that day for a laceration on the right side of the forehead.

In another instance of treatment at the hospital emergency room Saturday, Norman Owen, 21, of 1801 Fourth street, Madison, received surgery for a laceration on the right hand. The cut was caused by glass while he was at his home.

Those treated Friday included Carlos Bell, three years old, 98 Lee Wright Homes, Venice, who caught his right arm in a washing machine wringer, and Debra King, four, daughter of Oscar King, 99 Weaver street, Venice, who accidentally ran a sewing needle into one of her hands.

Treated and released Sunday afternoon was Timothy Sherlock, age 10, of 2600 S. Propert street, who burned his chest and right arm when hot grease was spilled on him.

Another youngster, Glen Schubert, 2, swallowed an unknown quantity of aspirin tablets and was taken to the hospital Saturday night. He was released Sunday evening to the care of his parents, Mrs. Raymond R. Schubert, 1848 Bremen avenue.

MORE ABOUT Speed Limit

(Continued from Page 1)

John E. Lee's recommendation on the southern end of the main street remained closed for the time being. The mayor said it is still the north side of the station, the surface for the eastern McKinley Bridge approach and Main street this fall, and that temporary rerouting of traffic over Kerr street again may be necessary.

Dr. Lee said Main street is to be reopened after this work is completed or if it becomes evident that the street is not safe before next spring. At such time, the city will call the Gulf, Mobile and Ohio Railroad to the north of its crossing watchmen from Kerr to Main.

A petition signed by about 50 GMAO employees asked that the street be opened; saying it takes them 20 to 30 minutes longer to drive to work. The mayor said he believes all of them live outside the city limits, since it is possible to drive around the city's barricade to the north of the Main street railroad crossing. He added that any other barricades were not set up by the city.

The bills approved included \$38,366 to the General Contracting Co. for widening of the Illinois Tunnal Railroad as half the cost of three flagmen on the Missouri approach in July, August and September; \$869 to ITR for installing electric flashing signals on the bridge in August and \$702 to Pittsburgh Testing Laboratory for inspections at least.

Discuss Business Licenses
Reporting that licensing of businesses is being discussed, Mayor Lee said a license committee to the existing council committees to assist in the business license field. Aldermen suggested were Hank Svezda, William Griggs, James Miller and Arthur Means.

The council accepted an October treasury report listing a \$105,198 balance, \$92,122 receipts, \$20,955 expenditures and a new cash balance of \$178,365. With \$6542 in outstanding checks and \$830 in transit, the bank balance is \$181,678. City Controller Carl E. Byrnes said distributions from the general funds will be made this month.

An October police report listed 121 arrests and \$830 in fines.
